

Eyelash Extension Liability Waiver

Waiver of Liability

I understand there are risks associated with having artificial eyelashes applied to and/or removed from my existing eyelashes, and that notwithstanding the utmost of care in the application or removal of these products, there still exist risks associated with the procedure and product itself, which include eye irritation and discomfort even when applied in the usual manner.

Although rare, if I experience any irritation, redness, puffiness, itchiness, an allergic reaction or any other side effect of this procedure, I will contact a medical doctor as well as the studio.

As part of this procedure, I understand that a certain amount of eyelash adhesive material will be used to attach the artificial eyelashes to my existing eyelashes. I will not attribute any liability to the eyelash extension artist or Blink Lash Studio as a result of this procedure or the use and care of these lashes.

____ I Agree to this Waiver of Liability.

Permissions to Use Photographs

I hereby grant full consent to the eyelash extension artist and Blink Lash Studio the full right to take, publish and reproduce photographs of me, my face, my eyes and/or eyelashes, both before and after this procedure, for any advertising, education, or other purposes.

____ I Agree to use my photos.

Care and Maintenance

I agree to follow the care and maintenance instructions provided for the use and care of my eyelash extensions, and that if any follow up care is required due to my own mistake or negligence, or failure to follow these instructions, this will be at my own expense and risk. I understand that if I do any of the following, it may result in damage to my eyelash extensions or may cause them to come off prematurely. Knowing this, I agree to follow these tips for best results:

- I agree to avoid using mascara and to not use an eyelash curler, perm, or tint my eyelash extensions.
- I agree to not pick, pull or rub my eyelash extensions as it may result in the premature temporary and permanent loss of my artificial and natural eyelashes.
- I understand that I should not attempt to remove my lash extensions on my own or with any product, and that such a procedure requires my eyelash extensions be professionally removed.
- If I experience any itching or irritation, I agree to contact a medical doctor or professional and Blink Lash Studio in order to have the eyelash extensions removed.

_____ I Agree to the Care and Maintenance Terms.

Medical Conditions / Informed Consent

I acknowledge the potential for premature shedding of eyelashes for those who have specific medical or skin conditions such as Alopecia, Thyroid Disorder, Trichotillomania, etc. I understand that the adhesive contains the active ingredient, cyanoacrylate, and that it can be irritating or cause hypersensitivity. I understand that the procedure requires that I lay still for up to 2 hours with my eyes closed. I further state that I have no known medical condition that might be aggravated by the procedure or any medical condition that would prevent me from complying with or heeding to the instructions or these warnings.

_____ I Agree.

Cancellation

Your appointment time is reserved just for you. A late cancellation or missed visit leaves a void in the eyelash extension artist's schedule that could have been filled by another client. As such, we require 24 hours notice for any cancellations or changes to your appointment. Clients that provide less than 24 hours notice or miss their appointment entirely will be charged a cancellation fee up to the total service amount.

_____ I Agree to the Cancellation Policy.

Refunds

I understand that the services rendered are non-refundable.

How to Take Care of Your Eyelash Extensions

- Although your lashes are completely dry, we suggest waiting 24 hours before getting them wet to allow the adhesive to fully bond.
- We recommend touch ups every 2-4 weeks for a 60-90 min appointment.
- Do not rub your eyes or lashes when washing your face. Gently clean your extensions by using a mild cleanser or baby shampoo and your finger tips.
- Remove your eye make-up with a gentle cleanser and a cotton swab, but be gentle around your extensions.
- Do not pull on your lash extensions. This will pull out your own natural lashes as well.
- Do not perm or tint lashes after your lash extension application.
- Do not use a mechanical eyelash curler to curl your extensions.
- If you choose to wear mascara, only apply to the tips and use water-based mascara that washes off easily.
- Do not try to remove your extensions on your own. Contact us so we can remove them without harming your natural lashes.
- Do not cut your extensions (you might cut your own lashes).
- Never tug, twist, pick or pull at your extensions.
- Treat your extensions gently.
- **Enjoy all the compliments you'll receive!**
